#### **Independent Auditor's Report**

Board of Directors Christian Church Foundation, Inc. Indianapolis, Indiana

We have audited the accompanying consolidated financial statements of Christian Church Foundation, Inc. and its subsidiaries, which comprise the consolidated statements of financial position as of December 31, 2017 and 2016, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Christian Church Foundation, Inc. and its subsidiaries as of December 31, 2017 and 2016, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

#### Note 1: Nature of Operations and Summary of Significant Accounting Policies

#### General and Principles of Consolidation

The Christian Church Foundation, Inc. (Foundation) was incorporated as a not-for-profit organization in November 1961, under the laws of the state of Indiana. The financial statements include the accounts of the Foundation and also the Joint Investment Trust of the Foundation (Trust), and the Oreon E. Scott Foundation.

The Trust, of which the Foundation is Trustee, exists exclusively to receive and to administer cash and property transferred by any congregation, region, general unit, or other institution affiliated with the Christian Church (Disciples of Christ) (Church). Management of the Trust is the responsibility of the Foundation.

The Oreon E. Scott Foundation (Scott Foundation) was established in 1950 to promote religious, charitable, benevolent, scientific, literacy or educational purposes within the United States. In 1974, the Scott Foundation was reformed to bring it under the control of the Christian Church Foundation. Three individual trustees, elected by the Foundation, are selected from among the presidents of General Units of the Church as named by the Scott Foundation. No Foundation employees are eligible to serve as individual trustees of the Scott Foundation. The Scott Foundation is a grant-making foundation, with annual grants determined based on a majority vote of the individual trustees.

The Foundation seeks to support all of the ministries of the Church by providing opportunities for the stewardship of accumulated resources through planned giving on the part of individuals and through prudent investing and endowment policy development on the part of Church institutions. The Foundation is engaged primarily in educating individuals about planned giving and Church partners about prudent investing, receiving gifts and investments, and distributing funds for support of the many ministries of the Church. Support for the Foundation's operations is primarily received from its investment and fund management services. The Foundation is a donor-directed ministry, which means that most donors either direct or advise the Foundation as to the ministries which will benefit from their gift.

Upon mutual agreement, congregations, regions, general units and other institutions affiliated with the Christian Church (Disciples of Christ) may utilize services offered by the Foundation including bookkeeping, record keeping, electronic data processing and other administrative support.

#### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

#### Cash

The Foundation reports only its petty cash and bank deposits in federally insured accounts as cash. Due to the investing nature of the Foundation's operations, short-term, highly liquid investments are treated as investments rather than cash equivalents. All deposits held in noninterest-bearing accounts are aggregated with any interest-bearing deposits and the combined total is insured up to \$250,000. At December 31, 2017 the Foundation's cash, including cash accounts reported as part of Marketable Securities, exceeded the federally insured limits by approximately \$1,163,000.

#### Marketable Securities and other Investments

Investments are carried at fair value. For those investments with no quoted market prices, fair values used were those provided by the managers of the investment funds. These estimated values are subject to uncertainty and, therefore, may differ significantly from the value that would have been used had an open market for such investments existed. Such difference could be material. Realized and unrealized gains and losses are reflected in the Consolidated Statement of Activities for those investments that are a part of the Foundation's net assets.

Investment return is reflected in the statements of activities as unrestricted or temporarily restricted based upon the existence and nature of any donor or legally imposed restrictions.

#### **Property and Equipment**

Property and equipment and items which substantially increase the useful lives of existing assets are capitalized at cost and depreciated on the straight-line method over their estimated useful lives, which range from three to ten years.

#### Income Taxes

By virtue of its inclusion in the group exemption ruling of the General Assembly of the Christian Church (Disciples of Christ), the Foundation is exempt from federal income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code. As a religious organization, the Foundation is not required to file U.S. Federal tax returns. The Foundation could, however, be subject to examinations by tax authorities for all years since incorporation.

#### **Unrestricted Net Assets**

Unrestricted net assets represent assets that may be legally expended by the Foundation for charitable purposes chosen by the Foundation. Unrestricted net assets include bequests and other testamentary gifts left to the Foundation without restrictions as well as donor advised funds where the donor has the ability to advise the Foundation on how these charitable gifts should ultimately be expended. The Foundation's Board of Directors has designated that unrestricted net assets held in permanent funds or as donor advised funds may only be expended in accordance with policies established by the Board of Directors or its donor advised fund committee.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

#### Temporarily Restricted Net Assets

Temporarily restricted net assets generally represent endowment gifts that the Foundation has agreed to maintain in perpetuity for the benefit of the Church. Endowment net assets are classified as temporarily restricted if the Foundation has or will have the right to make regular distributions as defined in the Trust because, by definition, these distributions may temporarily erode a portion of the corpus. The Foundation may spend only the income, as defined in the Trust, and not the entire endowment gift. Temporarily restricted net assets also include the estimated charitable residual for charitable gift annuities that will add to endowment funds at the Foundation, gift assets that may be fully expended after an established period of time, or gift assets which are held for an agreed upon charitable purpose. Temporarily restricted net assets are predominately restricted for distributions to ministries.

#### Permanently Restricted Net Assets

Permanently restricted net assets would represent funds that, either by agreement with the donors or by operation of law, may not be spent.

#### **Contributions**

Contributions received without donor stipulations are reported as unrestricted revenue and net assets. Monies received for an immediate specified, directed purpose are disbursed when received and are not recorded as contributions. Contributions received for permanent funds or life-income gifts, the residual of which will create a permanent fund, are reported as temporarily restricted revenue and net assets. Distributions from permanent funds are transferred to unrestricted funds as "net assets released from restrictions" in the period of disbursement.

#### Subsequent Events

Subsequent events have been evaluated through March 1, 2018, which is the date the financial statements were available to be issued.

#### Note 2: Financially Interrelated and Affiliated Organizations

The Church includes all those organizations that are listed in the Annual Yearbook and Directory of the Christian Church (Disciples of Christ) (Yearbook). Most of these organizations are individually incorporated with their own Board of Directors. Individual Church entities are generally independent and responsible for their own personnel policies, financial matters, program activities and other corporate matters which are affiliated by the common cause of the Church. All organizations included in the Yearbook are considered ministry partners affiliated with the Foundation.

The General Board, on behalf of the General Assembly of the Christian Church (Disciples of Christ), elects the Board of Directors of the Foundation. The Foundation and the General Assembly of the Christian Church are considered to be financially interrelated organizations.

# Christian Church Foundation, Inc. Notes to Consolidated Financial Statements December 31, 2017 and 2016

#### Note 3: Endowment

The Foundation's primary ministry is to support the Church in perpetuity by providing opportunities for the stewardship of accumulated resources through planned giving. In conjunction with this ministry, the Foundation maintains approximately 1,250 named funds that are recorded as a part of the Foundation's net assets. Named permanent endowment funds include both donor-restricted endowment funds and funds designated by the Foundation's board of directors to function as endowments (board-designated endowment funds). As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds, including board-designated endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's board of directors (Board) has concluded, absent explicit donor stipulations to the contrary, that the Foundation's donor-restricted endowment funds should be governed under Indiana law. Under Indiana law, the Foundation is required to act in good faith to determine the prudent expenditure of accumulation of its endowment funds, giving full consideration to (1) the duration and preservation of the endowment fund, (2) the purposes of the Foundation and the endowment fund, (3) general economic conditions, (4) the possible effects of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation and (7) the investment policy of the Foundation. From its inception, the Foundation has sought to balance the dual goals of providing maximum funds for ministry while also preserving, over the long-term, the inflation-adjusted value of a donor's gift.

In seeking to balance its dual goals, the Foundation's focus is on the development of an investment and spending policy that, over the long term, will both produce funds for ministry and preserve the gift value. Foundation donors may recommend one of four investment mixes for the investment of their gift. To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both current yield (investment income such as dividends and interest) and capital appreciation (both realized and unrealized). The Foundation targets diversified asset allocations, each of which places a greater emphasis on equitybased investments to achieve its long-term return objectives within prudent risk constraints. Based on 10-year asset class assumptions for each asset mix offered by the Foundation, the predicted long-term return, net of maximum costs and expenses, for the Beasley Growth Fund is 5.9%, for the Common Balanced Fund is 5.5%, for the Campbell Multi-Strategy Fund is 6.4% and for the Brown Fund is 3.9%. For 2017 and 2016, the Foundation's spending policy, which retains a portion of each year's predicted earnings to offset inflation, was 4.0% and 4.5% of the monthly average balances for the Beasley Fund, 3.75% and 4% of the monthly average balances for the Common Fund, 4.25% and 5% of the monthly average balances for the Campbell Fund and 2.5% and 3% of the monthly average balances for the Brown Fund, respectively.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

Both Indiana law and the Foundation's standard gift agreements emphasize the development of a reasonable spending rate and provide for the distribution of funds at that rate, even when the fair value of a fund may have fallen below the original gift amount. Both Indiana law and the Foundation's standard gift agreements emphasize the Foundation's responsibility to steward every dollar held in endowment funds, whether those balances represent the original gift or appreciation on that gift realized over time. The Foundation Board's understanding of both the relevant law and the Foundation's donor agreements is that every dollar held in an endowment fund is equally important (and restricted) for the purposes named by the donor and that the invasion of a gift's corpus (original gift amount) is acceptable only if the appropriation of funds is pursuant to a spending policy that, over the long-term, preserves gift value. Furthermore, the Board understands that the Indiana law does not require that an inflation factor be applied to gifts to make a distinction in the level of restrictions to be applied to funds held in the Foundation's endowment. Because the Foundation has agreed to make regular distributions for ministry even when these distributions may temporarily erode a portion of the gift's original value and because the Foundation believes that both the value of the original gift and any appreciation on the gift is equally restricted for purposes named by the donor, the Foundation records 100% of permanent endowment gifts as temporarily restricted. It is the Foundation's clear practice and commitment that every dollar in its permanent endowment funds will be held and managed to meet the dual goals of fund growth and ministry distributions in perpetuity, in accordance with the donor's instructions.

Changes in endowment net assets for the years ended December 31, 2017 and 2016 were:

		2017	
	Board- designated Unrestricted	Temporarily Restricted	Total

#### **Note 4: Functional Allocation of Expenses**

The Foundation's ministry is to provide members, congregations, and other ministries of the Church with planned giving and endowment fund education and services. In conjunction with its planned giving education and services, the Foundation offers free seminars to congregations and personal assistance to potential donors who may wish to consider making a planned gift that benefits one or more ministries of the Church. An important part of the Foundation's ministry is to provide donors a place where their gifts will be maintained in perpetuity for the benefit of their chosen ministries. In its endowment fund education and services ministry, the Foundation assists the varied ministries of the Church with the development of endowment fund policies designed to both encourage gifts and prudently invest endowment funds. In this regard, the Foundation offers any Church ministry both counsel on the development of endowment policies and several investing opportunities. The Foundation's investments are offered only to ministries of the Church and are designed to maintain the endowment funds of the Church in a way that honors the dual goals of providing funds for ministry while also growing endowment gifts to keep pace with inflation.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

All employees of the Foundation are actively involved in the Program Services of the Foundation, and most are responsible for both Gift Education and Services and Investment Education and Services. As a result of the integrated services provided, the Foundation does not separately account for the costs of its Gift and Investment programs.

In addition to its Program Services, the Foundation maintains payroll, personnel, and financial reporting functions that are primarily administrative in nature. Expenses for these functions, the cost of the Foundation's annual audit, and expenses related to the Foundation's board of directors are reported as management and general expense on the consolidated Statement of Activities.

#### Note 5: Marketable Securities and Other Investments

The Foundation's investments and their fair values at December 31 are as follows:

	<u>2017</u>	<u>2016</u>
Investments in unrelated parties:		
Short-term investments	\$ 4,981,402	\$ 6,695,597
Stock and stock funds		
Large Cap	235,943,419	202,793,831
Mid Cap	81,470,122	78,785,892
Small Cap	41,297,885	31,163,956
Public REITS	12,251,982	11,630,963
International	121,959,364	106,092,252
Bonds and bond funds		
Domestic	69,411,239	61,625,850
Global	69,408,944	58,068,848
Alternative investments		
Hedge	60,583,215	64,902,758
Real Assets	12,740,188	13,042,732
Notes receivable	373,753	384,590
Investments in related party:		
Church Extension	16,931,533	16,593,075
Total	\$ <u>727,353,046</u>	\$ <u>651,780,344</u>

At December 31, 2017 and 2016, the fair value of approximately 35% and 26%, respectively, of the investments were provided by the managers of the funds.

In addition to managing the Foundation's own endowment funds, the Foundation also provides investment services to Disciples congregations, regions, general units, and recognized ministries. Investments in the Trust which are owned by other church partners or are held for their benefit are shown on the Consolidated Statements of Financial Position as partner investment accounts or as endowment funds held for the benefit of others. These funds are invested in the same pooled funds that contain the Foundation's own permanent funds. The net investment return reported on the Consolidated Statements of Activities includes only the investment return from investments which are recorded as a part of the Foundation's net assets.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

Net investment return is shown net of the related investment fees, which includes transaction costs and other service fees that may not be separately identifiable from the reported results. Net investment return is reflected in the Consolidated Statements of Activities as unrestricted or temporarily restricted based on the nature of donor agreements or legally imposed restrictions. The components of net investment return, which excludes income on investments for partner investment accounts and other funds held for the benefit of others, are as follows:

	2	<u>2017</u>		<u>2016</u>
Interest and dividend income	\$	3,388,013	\$	3,515,684
Realized and unrealized gains	2	0,098,609		11,144,510
Separately reported fees		(185,149)	_	(215,127)
	\$ <u>2</u>	3,301,473	\$_	14,445,067

#### Note 6: Disclosures About Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value hierarchy measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- **Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets pursuant to the valuation hierarchy.

#### Marketable Securities and Other Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or discounted cash flows. Such securities are classified as Level 2. There have been no significant changes in valuation techniques during the year ended December 31, 2017.

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

The following table presents the fair value measurements of assets recognized in the accompanying consolidated statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017 and 2016:

2017

Total	\$ <u>124,927,791</u>	\$ <u>118,572,180</u>			

- (a) This category includes investments in a common trust fund that invests in global bonds. There is no restriction (lock-up) period for these investments.
- (b) This category invests in two forms of hedge funds: direct and fund of funds. The direct hedge funds blend investment strategies and geographic region while limiting costs. There are currently 8 direct hedge fund managers. Oversight and due diligence is performed by Prime Buchholz as well as Foundation Board of Directors and staff. The fund of funds uses a single manager to group 15-30 hedge funds that seeks to generate equity-like returns with bond-like volatility. Both categories of hedge funds use various strategies that include long/short equity and credit, event-driven, distressed and others. The fair values of the investments in this category have been estimated using the net asset value per share of the underlying investments.

## Christian Church Foundation, Inc. Notes to Consolidated Financial Statements

## Notes to Consolidated Financial Statements December 31, 2017 and 2016

#### Note 7: Life Income Gift Agreements

The Foundation administers a charitable gift annuity program on behalf of many of the ministries of the Church. All assets or proceeds from assets received in exchange for a charitable gift annuity are segregated in a separate fund and are not commingled with other Foundation assets. At December 31, 2017 and 2016 the fair value of the investments in this fund were \$9.3 and \$8.8 million, respectively. The obligation to pay the annuity amount to annuitants is a general obligation of the Foundation and is estimated using the applicable federal rate (AFR) at the gift date. Those rates range from 1.0% to 10.2%. At December 31, 2017 and 2016 the obligation for future annuity payments was \$4.8 and \$5.1 million, respectively. The present value of the liability to income beneficiaries of charitable gift annuities is included as a part of the "Liability to income beneficiaries under life-income gifts." After the obligation to the income beneficiary of a gift annuity has been satisfied, the residual value of the charitable gift annuity will establish a permanent fund at the Foundation or be distributed to other charitable organizations selected by the donor. The present value of the estimated charitable residual of gift annuities which will be distributed to other charitable organizations is shown as "Liability to charitable beneficiaries under life-income gifts." At December 31, 2017 and 2016, the estimated charitable residual values for charitable gift annuities which were intended to be distributed outside the Foundation were \$2.3 and \$1.9 million, respectively. The estimated charitable residual of gifts whose remainder will become a permanent fund of the Foundation is included in net assets of the Foundation.

Many states require a charity to register and meet state-specific requirements before offering charitable gift annuities in that state. Annually, the Foundation is required to meet certain state-specific requirements surrounding reserves held to meet its obligations to charitable gift annuity income beneficiaries. At December 31, 2017 and 2016, the Foundation's gift annuity reserves are in excess of the most stringent of these state-specific mandates of \$7.2 million and \$7.8 million, respectively.

The Foundation also administers charitable remainder trusts which require periodic payments to income beneficiaries named by the donor. The present value of the liability to these income beneficiaries is included as a part of the "Liability to income beneficiaries under life-income gifts." This obligation is also discounted using the AFR on the gift date, which range from 1.2% to 11.0%. At December 31, 2017 and 2016 the obligation to trust income beneficiaries was \$12.2 and \$11.5 million, respectively. The actuarial value of the charitable residual for charitable trusts whose remainder will become a Foundation-administered permanent fund is included in the net assets of the Foundation. The present value of the estimated charitable residual of trusts which will be distributed to other charitable organizations is shown as "Liability to charitable beneficiaries under life-income gifts." The Foundation revalues these liabilities annually based on historical discount rates, actuarial assumptions and the fair value of the underlying investments. At December 31, 2017 and 2016, the estimated charitable residual value for charitable remainder trusts which will be distributed outside the Foundation was \$4.8 and \$4.6 million, respectively.

Notes to Consolidated Financial Statements
December 31, 2017 and 2016

#### Note 8: Employee Benefits

#### Pension Plan

Employees of the Foundation participate in a defined-benefit plan of the Pension Fund of the Christian Church (Disciples of Christ). Contributions are paid monthly to the plan and are 14% (11% for the defined-benefit pensions and 3% for other benefits) of the base salaries of participating employees. Pension expense for 2017 and 2016 was \$278,931 and \$267,853, respectively.

#### **Note 9: Joint Investment Trust**

The Joint Investment Trust of the Christian Church Foundation offers investment services, designed for endowment investments, to all of the recognized ministries of the Christian Church (Disciples of Christ). Disciples ministries may choose to invest in any of four fund options. The unit values for these funds at December 31 were:

	2017		2016	
Beasley Growth Fund	\$	405.78	\$	365.54
Common Balanced Fund		266.77		244.69
Campbell Multi-Strategy Fund		87.94		81.09
Brown Fund		162.95		154.05
